ABOUT GRAND VIEW UNIVERSITY

Grand View University is a liberal arts institution located in Des Moines, Iowa. As the state capital with a population exceeding half a million, Des Moines offers GV students diverse cultural and entertainment attractions, as well as outstanding opportunities for internships, jobs and other educational experiences.

The University was founded in 1896 by Danish immigrants and is affiliated with the Evangelical Lutheran Church in America. More than 2,000 students choose from 40 majors, including church music, music and music education programs. For nearly two decades, close to 100 percent of GV graduates have secured employment or entered graduate school within six months of graduation. Typically, more than 98% of our full-time day undergraduate students receive financial assistance, totaling more than \$36.5 million. Grand View offers 25 sports for men and women, as well as athletic scholarships. With more than 40 clubs and campus organizations and three honors programs, students have many opportunities to get involved and learn to lead for life.

Grand View's online, evening and weekend undergraduate programs offer courses in an accelerated format to allow students to work full-time while they complete a degree. The university offers seven online undergraduate programs and four graduate programs: Master of Science in Athletic Training, Master of Education, Master of Science in Organizational Leadership and Master of Science in Sport Management.

The Music Department is located in newly-renovated facility. The location provides increased space for rehearsals, classroom teaching, studio teaching and practice rooms. In other campus improvements, the Student Center opened for students in Fall 2015 and houses campus dining facilities, classrooms and office space for various departments. The Viking Events Center, located just north of campus, houses wrestling facilities with one of the largest wrestling rooms in the nation.

Follow **Grand View University Music Department** for updates on our program.
